Show your Support for Family Caregivers During National Family Caregivers Month!

November is **National Family Caregivers Month**! We’ve created this **Social Media Kit** that you can use to make celebrating caregivers via your social media accounts easy.

This kit includes everything you need:
- core messaging
- images
- handles for National Family Caregivers Month
- commonly used hashtags

Please contact us with any questions you might have. You can help by showing your support for #CaregivingHappens.

The idea behind the campaign is to reflect a caregiver’s reality that often caregiving just happens. Caregiving happens when we are at work or out of town. Caregiving happens when we are trying to get out the door to go to the grocery store and it happens when we least expect it.

**Suggested Hashtags**
